ISSUE 22 August 2023

“ Greetings of the season to all our readers!

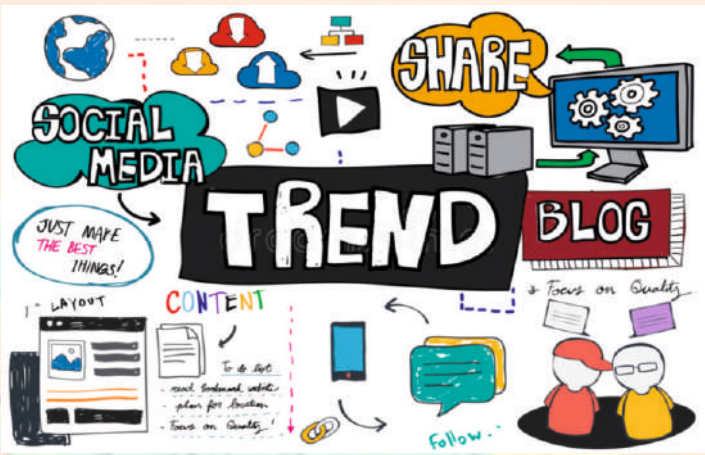

Dear Readers,

- ★ Welcome to the August 23 EDGES! We are thrilled to embark on a journey of educational innovation and excellence as we delve into "Building a Future-Ready Curriculum."
- ★ In today's ever-evolving world, our students must be equipped with the skills, knowledge, and adaptability to succeed in the future. This edition will explore how our school shapes a curriculum beyond traditional boundaries, fostering critical thinking, creativity, and resilience.
- ★ Discover how we integrate cutting-edge technology, promote interdisciplinary learning, and nurture global citizenship among our students. Through this newsletter, you will gain insight into the exciting developments in our classrooms, all aimed at preparing our students to thrive in the dynamic world that awaits them.
- ★ We invite you to join us on this educational journey as we continue to provide our students with a future-ready curriculum that empowers them to excel and make a meaningful impact.
- ★ We're always interested in hearing your views. We invite articles on the topic '**Global Diversity in school**' for our next issue of the newsletter. If you have any comments about the newsletter, or if you'd like to tell us about what's happening at school, please email us at principal@jpschennai.org.

Thank you for your continued support, and I look forward to an exceptional year ahead!

BUILDING A FUTURE READY CURRICULUM

Preparing Students for Tomorrow: Building a Future-Ready Curriculum

In today's rapidly changing world, the role of education is evolving, and at Jain Public School, we are committed to staying at the forefront of this transformation. Our primary objective is to impart knowledge and prepare our students for a future marked by uncertainty, innovation, and global interconnectivity.

Embracing Change in Education

The world our students will inherit is vastly different from what we experienced. Automation, artificial intelligence, and technological advancements reshape industries and job markets. To ensure our students are equipped to navigate these changes successfully, we have built a future-ready curriculum.

Fundamental Principles of Our Future-Ready Curriculum

Innovation as a Core Skill: We believe that fostering innovation is paramount. Our curriculum encourages students to think creatively, solve complex problems, and embrace change as an opportunity for growth.

Technology Integration: Technological literacy is no longer optional in the digital age. We're integrating technology into every aspect of learning, helping students develop the digital skills they'll need to excel in the modern workforce.

Global Awareness: Our students are future global citizens. We promote cultural understanding, foreign language proficiency, and international perspectives to prepare them for a connected world.

Critical Thinking and Adaptability: These skills are at the heart of our curriculum. We want our students to be adaptable, think critically, and approach challenges confidently.

Personalised Learning Journeys

No two students are alike, so our future-ready curriculum emphasises personalised learning. We recognise the importance of tailoring education to students' strengths, interests, and aspirations. Through ongoing assessment and feedback, we adapt our teaching methods to ensure every student reaches their full potential.

Collaboration with Parents and Guardians

Preparing students for tomorrow is a collective effort. We encourage parents and guardians to engage in their child's educational journey actively, understanding the workforce's evolving demands and the skills our curriculum instills.

Looking Ahead

As we move forward, we remain dedicated to building a curriculum that equips students with academic knowledge and the skills and mindset necessary for success in an ever-changing world. The future may be uncertain, but with a future-ready curriculum, our students will be well-prepared to face its challenges head-on and confidently embrace its opportunities.

At Jain Public School, we educate students and empower future leaders, innovators, and problem-solvers ready to impact the world positively. We are building a bridge to a brighter and more promising tomorrow.

Thank you for joining us on this transformative educational journey.-

भविष्य की तैयारी

उठो जागो ऐ हिम्मतवार
हो जाओ भविष्य के लिए तैयार
बहुत बड़ी है जंग तुम्हारी
मुश्किल है तुझ पर भारी
हिम्मत कर और आगे बढ़
एक एक कर सीढियाँ तू चढ़
ले कर अपने संगी साथी
जैसे लड़े थे आज़ादी
तुम भी सब को साथ में लाओ
टीवी, मोबाईल में समय व्यर्थ न गवाओ
खेलो और पढ़ो तुम सब के साथ
मन में रखो तुम यह विश्वास
मात-पिता जो दे साथ तेरा
जित जाओगे संसार साया ।

"THE ONE STRANGE BOY IN THE TOWN'S EAST"

People just always stare at me,
And whisper to themselves who is he?
The Neighbourhood Kids just runaway,
Seeing me walk in the pathway.

Oh why?

Oh whu -u why?

Oh whu-u-u-u u-u why?

People just always stare at me,
And whisper to themselves who is he?
The Neighbourhood Kids just runaway,
Seeing me walk in the pathway.

Is it my previous lives' fault,

That I have them a lot!

People just say I breathe weirdly as I have out grown,
super numerary teeth and I look like a beast.

And these are the problems I face Being one strange boy in the Town's East.
