

**JAIN PUBLIC SCHOOL**  
SCHOOL FOR LEADERS

**Exertainment Circular ( Revised)**

Aend 24-25/Cir- 04/ 1<sup>st</sup> July, 2024

Dear JPS families,

Greetings!

**"You don't have to be extreme, just be consistent!"**

1. School still might look a bit different this year, but one thing remains the same -the after-school routine is in constant need of a tune-up to ensure kids not only to stay busy until they go home, but that they stay busy with activities that are both engaging and rewarding. From entertainment to education, you'd be surprised just how many, that kids can enjoy and accomplish with a few hours each day. There are many different areas to explore.
2. Either way, past success is not an indicator of future results! Whether you've had success in this area and are in need of a kick start, or simply yet to master, the after-school activities could be a much needed catalyst.
3. Children can make choices as per their preference. Professional coaches will guide them through the sessions. Students from Grades 6 to 11 can be part of this initiative. We expect many students to take part in this drive and get the best pleasure of this after school activity; kindly give your name to the head teachers before 05<sup>th</sup> July 2024.

Morning Games	Students	Venue	Timings
1. Volley ball	Boys	JPS Sports Village	5:30-7:00 am
